the matter should be speedily attended to. Ald. Martin asked if any thing had been done in regard to grading Spring street, in accordance with the petition of Mr. F. B. Fogg; and in connection with that subject, he suggested the propriety of employing a city engineer whenever his services were necessary, and that the practice of employing a permanent officer for that duty be dispensed with, and said he would bring in a bill to that effect at the next meeting.

An order was passed allowing the accounts of teachers in the South Nashville School. Ald. Coltart offered a resolution providing for the appointment by the Mayor of a Superintendent

of the City Cemetery. Adopted. Ald. Glenn called the attention of the Board to the subject of regulating the names of streets, as there were some conflicting matters. Also, offered a resolution providing for the building of pavements. The Board then adjourned.

FOR ALL THE PURPOSES OF A

# FAMILY. PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical pill, but not easy to make the best of all pills - one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or darangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the com-plaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache ous Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient they afford prompt and sure relief in Cos-tiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly sucessful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. ccasional dose stimulates the stomach and bowels into healthy action, and restores the appe tite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but un necessary desing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

This remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely annecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures, that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public ne longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of Colds, Coughs, Hoanshness, &c.; and for CHILDREN it is the pleasantest and safest medicine

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by-BERRY & DEMOVILLE, Wholesale, Nastville, and Re-tall by BROWN & GRUBES, Nashville, and sold by all dealers in medicine in every town in Tennessee. jy9-dm4mtrioawsw

Of the United States. A N advertisement of Mr. UDOLPHO WOLFE, lately published, as I suppose, intended for the protection of his Schiedam Schnapps against counterfeiters, has come under my observation, and being engaged in the manufacture of Schiedam Schnapps, were I to let it pass without notice through this malling. Schiedam Schnapps, were I to let it pass without notice through this medium, I might be considered among those he denominates "Firstes and Venders of Poison." but the immense patronage and success that has attended the sale of the article manufactured by me, and the opinion of competent judges as to its qualities as a beverage and its medicinal virtues, precludes the possibility of the idea that I am included among those he designs to impugn. No doubt he feels aggrieved at the depreciation of the sale of his Schnapps, which is musifiest to all affect when he above. his Schnapps, which is manifest to all, since mine has been brought into competition with his. Not only have I succeed-ed in competing with him in quality, but the constant and increasing demand for my article, has enabled me to furnish it at a less price than he can, or does—say \$2 in the dozen. And, furthermore, he will soon become satisfied that his cau-tion to the citizens of the "Southern and Western States" will avail him nothing as far as I am conserned, for the character of my Schiedam Schnapps is too well established in those States, to be injured by any such invidious publi-
